

# OUR WEST END

*We are a grassroots organization committed to making West Windsor a better place to live, work and play.*

*Our philosophy is one of community engagement and empowerment. We believe real change comes from the bottom-up and can only be lasting when the community works together towards a common purpose.*

**Community organizing efforts are targeted at engaging and empowering residents, by providing the infrastructure and tools necessary for our neighbourhoods to succeed.**

## **Our collective community goals:**

- Partner with organizations and stakeholders in the area
- Build awareness of the west-end
- Protect and preserve our parks, schools, institutions, organizations and historical landmarks
- Attract and retain businesses and investment
- Crime prevention and reduction
- Graffiti eradication

## **Our West End is:**

- Developing a strategy for West Windsor focusing on neighbourhood engagement and empowerment
- Developing a community roundtable comprised of residents and stakeholders in the west-end
- Lobbying municipal, provincial and federal government
- Hosting town hall meetings that address issues and opportunities for the west-end
- Establishing a parks committee focusing on repurposing and preserving our parks

***Together, we are building a better west-end, neighbourhood by neighbourhood.***

**Our West End is funded by the United Way Centraide – Windsor-Essex County as part of their “creating vibrant neighborhoods” initiative.**
