

Members can access information regarding what programs they end up registering for throughout the months. Don't worry, registration will still be done via the telephone as always, this service is just for members to double check what they've signed up for, at any point in time.

The website is called [MyActiveCenter.com](http://MyActiveCenter.com) and will only display events you have signed up for via the telephone during the registration period.

How to sign up:

STEP 1. Head to [MyActiveCenter.com](http://MyActiveCenter.com) and click on the button that says "sign-up"

STEP 2. Search for Life After Fifty (West or East side – whichever center your key tag was issued by) and hit continue.

STEP 3. Fill in your Key Tag Number the center issued to you (this is the little plastic keytag with the barcode on the back), as well as your phone number. Then hit continue.

STEP 4. Fill in your email address, as well as fill in a password for this account. Make sure to keep this password safe and secure in case you need it again. Then hit SIGNUP.

STEP 5. SUCCESS! You have now created your MyActiveCenter account and will be able to view your activities by either clicking on your profile in the top right corner and hitting "My Activities", or by visiting [myactivecenter.com/myactivities](http://myactivecenter.com/myactivities)

Whenever you sign in again, you'll just need your email and password.
